The adventures of eight inches of horny human steel with a heart of pure lust

I, A PENIS

The boss doesn't like to admit that I, his penis, have a will of my own. But I do. In fact, there have been plenty of times when I've had to remind him that he's not always the boss.

Take for example the other day when he was talking to his neighbor's wife. They were chatting about inflation rates and trying to be all businesslike, but I knew damn well that there were other things on his mind and—on mine too. She was a fine-looking specimen, all right. Oh yes, I can see (sort of). Admittedly I don't have what you would call eyes, but I can sense a pretty chick even if the boss tries to hide me behind his pants.

This chick was certainly attractive enough. Also, she was so tall that her pussy was almost eye to-eye with me. The jeans she wore were so tight that they hugged her long thighs and rode right up into the lovely slit of her cunt. The seam probably slid up her ass too, but I didn't have a clear view of that since she was facing us. Anyway, the nipples on her tits were gazing down at me. And yes, nipples can see as well as I can. They can even smile, sort of, but the boss isn't very aware of that. This woman's nipples were staring at me, so I blew them a kiss.

I started to grow. I could practically smell how excited she was becoming too, as she looked the boss over. Oh yes, I can smell in my own highly selective way. I can't detect odors like onions or bread baking, but I never miss musk, perfumes, oils and love juices—all four of which were emanating forth from this woman.

Blood was surging through me as I grew bigger and stronger, straining against my boss's pants from the ex-

perience of the neighbor's wife. Damn these tight, confining things he wears. They make me feel all bound up; sometimes I wish I could cram the boss into a boy-sized sleeping bag and see how he likes it. Anyway, I kept getting bigger and thicker until I had formed a sizeable bulge in his crotch.

"Chill down there!" came the message from my boss's brain. "This is my neighbor's wife, for chrissake. Don't embarrass me!" I overrode his command by continuing to swell and bulge against those damned pants. The neighbor's wife's tits were straining at the bit to feel me against them, and her cunt was about to soak her panties. "Lemme outta here!" I yelled as the stupid guy beat a hasty retreat, angry at me for having embarrassed him.

I didn't let him get away with that so easily. I wouldn't leave him in peace that night to eat or sleep or watch the game, or do anything else until he had played with me. I, a penis, showed him who was in charge.

Fortunately, man and his dick tend to be pretty much in agreement most of the time. Take last weekend, for example. We had driven two hours after work on Friday night to visit an old girlfriend whom we fucked royally twice that night, once the next morning, and one for the road after lunch. Got back home around sundown and went to a bar for some burgers and brew. The boss was feeling good (and I, though tired as a marathon runner, was feeling fine too). I needed a rest after all that activity though, so I curled up, quarter sized, and let myself get half sloshed on beer.

I'm resting there, laid back and shriveled up, when

suddenly a pretty babe strolls into the bar and sits down in the only empty stool next to me. She's about 5'5", with straight, blond hair, a small waist and a big chest. Gorgeous, but the boss is cool because he's half blitzed from all the brew and screwing. Every other guy in the place is drooling over this chick but she's looking only

as though she wanted to get inside me. I nuzzle her right back and by now I'm thick and hard enough to push against the hot rear of her throat.

Slowly she withdraws me from her mouth and kisses me again. Taking me in her hand she leads me down, down, down until I'm between her thighs, though not

at us because we're so cool.

She and the boss start talking stuff like, "Hi, what's your name?" I get down to business with the girl's pussy. It smiles a little and sends out a purr. Oh—almost forgot—you probably didn't realize that cocks and pussies communicate like that, did you? Well, we do. Anyway, the cunt is throwing kisses at me and I try to raise my head and wave. The results are pretty feeble, what with all the fucking I've just endured, but I smile and shrug and get along fine with her.

The girl ends up back in the apartment. My man is beginning to wonder if he can get me up again. The sonofabitch has no faith in me. Admittedly, I'm still not much to look at when they've taken off their clothes; I'm hanging there, only half erect, but the woman takes a kindly attitude towards my brave efforts and gives me a smile. I give her a wink and bob a little. She giggles and moves her face down towards me.

Her red lips are thick and plush. I want those lips. They come close and kiss me gently at my tip. My little opening kisses her back. She continues to kiss me, and I begin to grow again. Even my boss is astonished.

She holds me in one hand and presses me against her smooth cheek. I kiss her cheek and continue to grow as I slide down to the corner of her lips. From there I edge along the red, cushiony opening of her mouth until her jaw drops and I charge inside. I fall against her soft tongue as if I had tumbled into a roomful of cushions.

Her tongue massages me with warm saliva as it moves around my opening in a circle that gets smaller and smaller until her tongue pushes right up against it

yet inside her cunt. There the skin is very smooth and hairless, and I slide along until I bump against the lower crease of her cheeks. She guides me up over wet pubic hair to her glistening love box.

I don't go in yet but merely rub against her clit a few times until her pussy is opening and closing and moaning to me. The boss doesn't hear it but it's murmuring, "Come in. Oh please, come in."

So I slip inside the dark, wet tunnel, where I am bathed in juices that are just the right temperature. The girl's vagina hugs me tightly, but not so tight that I can't continue upstream. I keep on going till my head is bumping into the rubbery wall at the far end of her pussy, and then I start ramming up against it. The girl is probably shifting and humping her whole body because I can feel the cunt turning around me. A wad of cum builds up within me and I try to squeeze my opening shut so I can keep that hot, strong feeling inside. It finally bursts forth, drenching the tunnel and my own head in thick cream.

"Wonderful," says the cunt. She communicates that by tightening and loosening the muscles which enclose my shaft at the opening of her vagina. I respond by tightening and bouncing myself a few times inside her. The boss and the woman both look down at us and smile; even they realize that the pussy and I are sending signals.

I wish my boss was even more aware of my signals. For example, last winter he and I were at a ski lodge, having a drink after a day on the slopes. A chick picked him up and before long we were upstairs in her room.

Problem was the boss wasn't really that interested in her. He didn't want to think about that but I knew it, so when he kept trying to stick it to her I didn't bother getting hard.

"What the fuck is wrong with me?" the man was wondering. "There's nothing wrong with you," was my reply, and I concentrated real hard so that this message would penetrate his thick skull for a change. "There's nothing wrong, so don't worry about it," I insisted. "There's nothing wrong with her either. She's just not your type, that's all. Let's go back downstairs."

But he seemed upset and started beating me kind of violently. "Knock it off," I signaled. "I wish you'd just admit that this chick doesn't turn you on that much. If you really insist on fucking her then I'll eventually get hard and cooperate, but I'm warning you: it ain't gonna be a big thrill. Let's go downstairs."

Finally he listened. We left the lady to sleep off the

pussy was blowing kisses—all of her seemed happy to see me.

I was just as happy to greet her. I turned bright red when she touched me with her lips and began to bounce and bob with delight. She laughed and hugged me against her face. I loved snuggling against her soft, smooth cheek. Moving around her face, I stopped to nuzzle in her warm ear before sweeping back down to her throat, bobbing and kissing her all the way.

She was lying in bed on her back and we were kneeling over her as she played with me. "What a beautiful penis you have," she exclaimed. I couldn't wait to get inside this wonderful woman. I wanted to fuck her mouth, her ear, her cunt, her ass—any entry into her body would be fine with me. The boss, still kneeling above her face, with his knees almost touching either side of her head, leaned forward so I could slide up her chin again to her lips. She laughed and tried to say

brandy and we tiptoed back down to the lodge. Before long he was talking with another woman and this time everybody was genuinely pleased. As we headed to her room I was already crashing against the boss's underwear and he was getting the message all right: "Now I'm excited! Why don't you pay attention to me more often?"

One reason that I was so aroused was the fact that the lady was so wild about me. She couldn't take her eyes off the lump I was making in my guy's pants, and he had no sooner kissed her when I felt gentle fingers caressing the material against which I was pressing. How I wanted to be held by that friendly hand!

Light suddenly entered my lair. The lady had reached behind the elastic waist of the ski pants in order to touch me. My little mouth kissed the first finger that made contact with it and soon the chick had pulled all of me out of the dark and into the light and fresh air. She was smiling, her tits were looking at me, her

something about his penis seeming to have a will of its own, but as she was opening her mouth to say it I popped inside.

I crawled in at an angle so that I could ease along the velvety inside of her cheek. Pulling back a bit so I could enter again I headed up dead center, riding over her tongue and touching the top of the cavern. Her glottis caressed and tickled me and I bumped it around a bit before pulling out once more in order to play with her tongue. Her tongue rolled on top of me so that I was buried in its slippery smooth underpart and it was so good that I almost came. But my boss descended so he was almost sitting on her face and that pushed me towards the rear of her mouth, over her tongue, past the glottis, and into her throat.

She was swallowing as though she wanted to eat me all up, and the smooth walls of her throat rubbed against my head until she felt me fill her with cum. I sprayed jism into her mouth, she gurgled, and then she pulled

me out in order to kiss me as I shot cum again. White cream splashed against her pretty lips, her cheeks, and up her nose as I went wild spurting my sticky stuff. She hugged my shaft against her face as I exploded one last time before calming down.

The boss lay beside her and they chatted while I recuperated. I was too pooped to listen but I assume they were talking about me. When they started kissing again it was only to be affectionate rather than sexual. Then I became aware of how good it felt to be resting on the lady's thigh and I began to get my strength back. I grew a half inch at a time until my tip was almost touching the lady's cunt. When the man hugged her, crushing me against her delta, I woke up completely.

"You're hard again." She made believe she was talking to him, though I know that she was really addressing me, the penis.

"Hi, baby!" I signaled, and she acted as if she had gotten the message. She stroked me with her fingers while she lay on her side. Then she crawled down near the foot of the bed so that her head would be level with the boss's groin. She kissed me, putting her lips to my lips, and then worked her way back slowly towards the

and moved on, putting me almost at home plate when I heard the couple whispering something. I couldn't make out the words but suddenly the lady was turning onto her stomach and I was being swept over her hips.

He climbed onto her back and presented me with the cutest, perkier ass cheeks I'd ever seen. They curved out on either side from her waist, swelling up towards me, before ending with a crease at the back of her thighs. I bounced and rode over one cheek of her butt, circling my way to the top of the crack. Slowly I headed down the crack, past her little brown star, towards where it meets her pussy.

I was all ready to ram my way in when abruptly her hand reached back for me. She was covering me with some kind of oil, making me all glistening and slippery. The boss now moved me back to that juncture of legs and ass, pointing me towards the hole. She must have been pulling at her cheeks too, because all at once the whole entrance opened up for me and practically said "welcome."

The oil helped me slip halfway in. It was warm and tight. I kept on going. Now it was very toasty in there. Laying with her belly on the bed the woman started

man's head. This caused me to slide down to her throat and then onto the smooth skin just below her shoulders.

When her head was even with the boss's chest I found myself almost eyeball-to-eyeball with a gorgeous tit. I rode along the top of the breast until I got to the nipple. I pushed myself against it and soft flesh indented from the pressure. When I pulled back for a moment, the nipple popped out again, winking at me and noticed that it was getting its own little erection. My tip touched the small brown spot again before continuing south.

The woman's movements caused me to ride along her flat belly down to her navel, which tried to embrace me when I plunged right into it. The lady laughed

to hump, causing me to slide halfway out and then to plunge back with so much force that the base of my shaft slammed against her cheeks. Back and forth we went like that, slipping in and out of the cozy tunnel until I felt the juices building up in me.

My boss got the signal. He stopped the woman from moving so I could hold on to that full feeling for a moment, and then he quickly shoved me all the way in. I felt that slap of her ass against his lap and heard her moan as I shook and blasted cum up her butthole. "You're something special," she whispered to my guy as I pulled out and dabbed a few last drops of white cream on her pretty ass.

And I, a penis, had made it all possible.

Veronica can't go more than a few seconds without thinking about sex. Even when she's just practicing her music she ends up thinking about how hot her fingers and toy would feel inside her tight, juicy pussy. WATERFALL HIKE

I've always been something of an outdoorsman. I love camping and hiking, getting away from the city and into nature. And last summer showed me I could still find a new passion in my lifelong hobby.

I was excited to find a new trail branching off a path I'd taken a thousand times. I climbed over the rocks and around the trees as the course took me deep into a cool canyon and eventually to a tall, clear waterfall. I relax, enjoying a small snack and rinsing off in the refreshing natural shower.

As I started to get everything together and head back down, I heard the sound of another hiker approaching. I stepped aside to let them into the small hollow, staring at a tall, black-haired beauty with a chest that didn't give up, even in her tight sports bra. I felt a quick tightening in my pants at first sight.

I thought I would head back down the trail, but I was engulfed in conversation with this amazing woman who was as enthusiastic about the outdoors as I was. We shared another snack before she got up and rinsed off, much as I had. I tried to turn away to give her the benefit of privacy when I felt her hand wrap around my bicep. I turned, and her smiling face drew me toward the waterfall with her. Bright, luscious lips looked up at me and pulled me closer until they met my exploring tongue. I wrapped my arms around her, holding her close, feeling our bodies pressed together.

We made out under the clear shower, our bodies warming us in the cool stream. Eventually, we broke away enough to peel each other's shirts off and toss them quickly aside. She guided my hands toward her chest, my fingers under her sports bra as she held her arms up to let me pull it over her head, revealing just how much chest the tight bra was holding up. A glance

into her deep eyes told me to keep going.

I let my hands wander over her chest, the water dripping over her flawless flesh while her fingers ran through my hair, pulling me back to make out with her. I was already hard as hell, and as she kept pressing her body into me, there wasn't much chance that I would hide it. And I'm pretty sure she didn't want me to.

Her hands slipped down my sides and quickly found the button to my jeans, popping it and freeing my thickening dick. A glance of admiration led her lips to move down my hairy chest toward my newly liberated meat. Even knowing what she was about to do, I wasn't ready for how her warm lips countered the cool water or how her tongue could flick at the head and slit, sending waves of shock and electricity rushing through my body.

Her mouth felt terrific, first at the tip and head, then slowly moving down with each thrust. Deeper and deeper, she swallowed me until her lips slipped to my balls, her long fingers teasing and tugging at my sack. She kept me going, taking me to the edge and leaving me with a wicked gaze.

Finally, I couldn't hold it much more, and she pulled herself back up my body, spreading her bare legs and straddling over my aching cock. I slid right into her hungry pussy, her spit acting as lube. She squeezed around my stiff shaft, throbbing and showing off how well she worked her Kegels. She had me. I was hers for as long as she wanted me, even as I thrust deeper, faster, and harder. My balls slapped against her wet legs and up to her taint.

I wasn't going to last much longer, or at least, I didn't think so. She watched my face, taking advantage of how

much she had me under her control, her expression only getting wilder the longer she had me. But eventually, I was able to push her over the edge, her scream echoing through the canyon walls. Seconds later, she finally released me, and I blasted deep inside her, shooting at least six helpings that started dripping back down on my throbbing, aching dick.

She used her pussy to slowly squeeze out my hard-on, making out with me as she let me down. When I finally slid out, we dressed and headed back down the trail, hurrying back to the camp to enjoy each other's bodies for the rest of the weekend.

CLOSING THE DEAL

When it comes to a seduction, the most important thing to remember is that it's what you don't do as much as what you might or will do that will make the difference in.

Listen to what she has to say. Talk to her. Conversation is important in a seduction. It's not only important, it's compulsory. But don't try to bowl her over with your impeccable sophistication if you don't have much or anything to say.

If you go out to dinner, don't think she's gonna get hot for you just because you order escargot and the wine that goes for 80 bucks a bottle. She may even think that snails are disgusting. If you discover through your conversation that she adores snails, then order the escargot, but don't expect a medal for it. And now a quick review of how to warm her up.

Table Manners:

Dining is a very civilized way to begin a seduction. However, if you don't have the money to drop \$200 or so on a fancy French dinner, you can still enjoy yourself at a restaurant that she likes. Make it a quiet place with reasonable service, but with an atmosphere that is conducive to a good time. If you don't know of any such place, then ask around. Somebody you know will.

When you get there, just relax. Enjoy yourself. Being rigid and nervous won't do much for you. Don't pretend that you go out like this all the time, either. Make it a special event. That will make her feel special too. That's the best way to impress her.

Entertainment:

You don't have to drop a pile of cash on a fancy show. But plan to do something after dinner—and before you get down to business. My personal favorite is an intimate bar, the kind they occasionally still call a “lounge.” In a decent-quality hotel, I used to frequent one where my buddy played a quiet jazz piano. I could get more intimate, yet it was still a public place.

I remember one time when a chick and I settled down on one of the small sofas that were scattered around one side of the room.

People were shifting and shuffling, trying to get seated. As my friend Jimmy looked out from the piano he said, “You can't all cuddle, like Steve and his date on the couch, but you can be comfortable.” He looked back at me and said, “Wait, they're not cuddling yet, but ...” That put both of us so much at ease and made us feel so good that things just got better and better... all night.

Your Place:

Your place is the best place. You can feel a bit more in control of the situation there. You know that her roommate, or her Aunt Suzy from Peoria, won't be dropping by. If she suggests going to her place for a nightcap, that's all right too. If things have been flowing along pretty well, that could be a great sign. It might also mean that she wants to be sure she's safely home before she tells you to get lost, but that's the chance you're taking anyway.

If you live in a cave with the Three Bears and you haven't cleaned up in a month or two, then by all means go to her place. Or go to a hotel. Don't drag her back to your unkept hovel and try to lure her into a bedroom that hasn't seen clean sheets since you got out of college.

Dim lights, Soft Music and...

So you're both at your place and enjoying a few drinks while music wafts from the speaker. You make a move. Fine, but make it a good one. If you're going to kiss her, don't turn into a Dyson vacuum in three seconds flat. If she wants to nibble on your ear, great. But don't leave teeth marks in her neck in the first minute. As you have done all evening, take it easy and relax.

As things progress, you get the feeling that maybe she'd like some more attention. That's fine. Caresses and gentle use of the hands probably won't hurt the cause one bit. Don't get too anxious to undress her, to get her to feel so exciting and excited—in short, so hot that she wants to rip her clothes off. If her blouse buttons up the front, try a few warm kisses over to the top button. By then you should get the message whether or not the buttons will start popping open, by you or her. If there's a zipper in back, a fingertip caress down and around the area of the zipper will start the ball rolling.

Getting Cozy:

So by now maybe she's swung her legs up onto your lap and you are both enjoying the taste and feel of each other. If she tastes especially good, tell her. If she tickles you or pinches your butt, go with it. Don't take anything too seriously at this point, especially yourself. You don't have to become a giggling idiot, but a little humor never hurt anybody.

So now you both are slightly mussed up and partially undressed. If she's getting into things as much as you are, then you've almost made it. Almost. The next step is always a tough one. Don't be too anxious to get her into the bedroom. If you plan on fucking on the sofa or the floor or wherever you are, don't be too hasty in doing that either. When the time is right you'll know it, such as when she suggests you adjourn to the "other room." Take your time in getting to that point. If it wasn't worth it, why are you going to all this trouble?

Closing the Deal:

You've both decided that you are headed to the bed-

room. Great. You've already made sure that last week's dirty underwear is out of sight and the clean sheets are slightly have a subtle yet sexy cologne. You are helping each other out of what clothes you might still have on.

Let her take the lead in getting you out of yours, just as you do with her. If she's that turned can she'll get the same thrill out of shucking you down as you do her.

So you are both naked and ready to hook up. You are so hot for her that you can't stand it. Any second you'd like to stuff your dick in her waiting pussy. Cool down. You want this to be a night to remember, right? Then make it one. How?

One way (and one of the best turn-ons for foreplay) is to practically ignore her boobs and that luscious warm pussy. Not totally ignore them, but don't fixate yourself on them. Enjoy stimulating her entire body. Find all those other spots that she just loves to be touched on, in or around.

If you start kissing and tonguing halfway down her stomach and she is getting more excited by the inch, don't make a quick lick of her clit and lunge to get inside her. Stay around long enough that she's begging to have more, then move on down to her warm and by now oh so-sensitive thighs. (I can still feel my hair being yanked as one smokin' hot chick jerked my head back up to her sopping wet cunt.) If this far along and she's as hot as you are, the chances are very good that she's been here before too.

Go down on her again; make her come like she hasn't since she discovered sex. When she whispers in her seductive voice that she wants you inside her, things will begin to happen. If you are so rigid that you think you'll blow your load at the first touch of her hot cunt, then take your time. You've spent some time, thought, care and probably some cash getting this special person to this special moment. Take your time.

This whole approach to seduction by special care, thought and consideration may seem dull, pointless and old fashioned. But if it gets you where you want to be, life will be a delicious feast!

Lora

Lora admits she has a lot of really sensitive holes, but her favorite has to be her anus. Any time she fucks her man, she thinks there's too much time pounding her pussy and she ends up begging him to stretch her ass out. But that's not enough for her though. Soon she's asking for her beads, toys and more of his fingers to fuck her tight hole. Such a kinky little plaything.
